# UNITEER

We, the members of the Uniteer staff, in presenting the 1955 Uniteer, have tried to maintain the high standards established by our predecessors. We earnestly hope that our efforts have culminated in a project worthy of this challenge.

The staff wishes to congratulate the student body on the drive and spirit which was displayed in securing patrons, assisting us in writing copy, and rendering moral support to a project of this scope. Without your help this yearbook would not be possible.

We also owe a great debt of gratitude to the Art Department for their contribution of talent and time to the art work of the Uniteer. It is our hope that our introduction of art will be the first of many innovations to come in the history of the Uniteer.
